

classism and we should be careful using it, or better yet, stop using it as a description of negative characteristics. After all, you don't know what exactly led somebody to resemble a stereotypical

chav and the word itself can be stretched to cover any behaviour typical to the working class which doesn't meet one's approval. Snobbish, isn't it? //

- 7 to resemble sb | przypominać kogoś
 8 stretched | rozciągnięty, poszerzony
 to cover sth | tu: objąć coś
 to meet with sb's approval | spotkać się z czyjąś aprobatą
