## Winter Wonderland<sup>158</sup>

If you are prepared to brave<sup>159</sup> the cold, the winter season offers some amazing<sup>160</sup> outdoor activities<sup>161</sup> such as wilderness and cross-country skiing<sup>162</sup>. For something a bit less rugged<sup>163</sup>, many towns have groomed<sup>164</sup> cross-country ski trails<sup>165</sup>. Snowmobiling<sup>166</sup> in Greenland is not just a cool form of

144 all-in 'ɔ:lɪn all inclusive, ze wszystkimi

153 the Northern Lights ðə 'nɔ:ðən laɪts

zorza polarna

All-in<sup>144</sup>

Arguably<sup>145</sup> the best way to get the most of your visit to Greenland is to buy an all-in package that includes flights, transfers, accommodation and excursions<sup>146</sup>. These typically last eight to 10 days and could include:

- Glacier and tundra hikes
- Kayaking<sup>147</sup>
- Overnight stay<sup>148</sup> at a glacier camp
- Visit to the polar ice cap<sup>149</sup>
- Wilderness trekking<sup>150</sup> to see reindeer<sup>151</sup> and musk ox<sup>152</sup>
- Visit to UNESCO site Viking and Inuit ruins
- Boat transfers among icebergs

• The Northern Lights<sup>153</sup> (from mid-August) Understandably, such a package doesn't come cheap<sup>154</sup> and could set you back<sup>155</sup> a few thousand Euro per person, but when you consider the unique<sup>156</sup> experience you will be gaining, it is much better value than a standard beach-resort<sup>157</sup> holiday at half the price.
