

figures **released**⁸ by Ferrari, the company reported a full-year profit up by 13 percent, year-on-year.

Over the **previous**⁹ 12 months, the firm raked in¹⁰ a total of EUR 939 mln, which it was, quite rightly, over the moon with¹¹. In terms of¹² shares¹³, it made EUR 5.09 per share, on a revenue¹⁴ of EUR 5.095 bln (a figure which largely **surpassed**¹⁵ Wall Street **predictions**¹⁶ of EUR 4.94 on a revenue of EUR 4.977 bln).

The only **downside**¹⁷ was a **minor**¹⁸ **slip**¹⁹ in the final-quarter, where the **operating margin**²⁰ **dropped**²¹ from 21.8 percent to 22.6 percent. But **given**²² the overall strong yearly figures, it is **doubtful**²³ anyone in

the **boardroom**²⁴ would have been too **concerned**²⁵.
