

# Ethics of Photo Editing

by Ewelina Błotńska

Colour correction, removing the background or proper image cropping: can you imagine a world without photo editing? Is it digital enhancement, generating complex imagery, or maybe it's just straightforward manipulation? Today, we are talking about the pros and cons of retouching pictures.

It is commonly known that image manipulation has been with us since the earliest days of photography. Nowadays, many applications and filters are used to impart both subtle and dramatic effects to images, and the range of options has expanded dramatically with in-camera digital effects. Is it a good idea to retouch a photo before publishing? Take a look at some of the divided opinions.

o to remove sth | usunąć coś  
background | tło  
cropping | kadrowanie,  
prycinanie  
without sth | bez czegoś  
digital enhancement | cyfrowe  
ulepszenie/poprawka  
imagery | midgen | obrazy,  
wizerunki  
straightforward | prosty,  
bezpośredni  
pros and cons | za i przeciw  
to retouch sth | retuszować coś  
commonly | powszechnie  
nowadays | obecnie  
to impart sth | dodawać czegoś  
subtle | subtelny,  
delikatny  
to expand | poszerzać się  
to take a look at sth | przyrzeć  
się czemuś  
divided | podzielony
